Dear Parent/Guardian,

Congratulations on this educational milestone for your student. Transitioning to a middle school is exciting and should be smooth and without any delays. In an effort to ensure all student's records are accurate and up to date, we are requiring parents to provide updated current proof of residence to your child's present school. This documentation should be provided to the school by close of business on April 15, 2024.

Failure to provide updated verification of residence will result in your child's withdrawal from OCPS and you risk your student not having a schedule for the start of the 2024 school year.

To verify your address, you must provide the following:

- If you own a house: warranty deed, property taxes, closing contract, or homestead exemption card along with current utility bill, your ID with current address, and current mail.
- If you rent a house or apartment: provide the signed lease, your ID with your current address, recent utility bill, proof of rent payments, current mail, and renters insurance.
- If you live with someone who owns or rents the house: you must obtain a Verification of Residence from Student Enrollment Office. You will need to provide a minimum of the following documents:
 1. Your ID with current address
 2. Three items with your name and address dated within the last month, such as car registration, paystub, bank statement, insurance, phone bill, or current mail.
 3. In addition, you must provide the ID of the lessee or homeowner and a copy of the lease or proof of homeownership.

More documentation may be required depending on circumstances in a case-by-case situation.

You will need to schedule an appointment for the address verification at the Student Enrollment Office
